

**National By-Laws
Final Draft
Effective 11/1/2025**

Mission Statement

The mission of the SERVANT SOULS RC is to promote brotherhood and sisterhood among medical personnel and our armed forces; whether active or retired. As well as like-minded individuals who prove they possess the respect, loyalty, and honesty needed to be a part of this family. This is done through the common interest of motorcycles, helping those in need, educating and giving back to our community, as well as being there for each other.

Motto

“What we have done for ourselves dies with us. What we have done for others is immortal.”

History

We are a Not-For-Profit, law abiding, non-territorial, medical, and military riding club which was created because we felt the members of our club should have an equal voice as well as a sense of ownership. No one person or board should decide what is best for the club. We are a dedicated family who is strong in our faith and pride ourselves in being there for each other as well as giving back to our community. We welcome all motorcycle riders 18 and over regardless of gender, color, or religion because we believe we are all created equal under God.

National Board

The National Board is made of the individual Presidents from each chapter along with any Co-founder who is in good standing with the club. If at the time of a vote, the Co-founder also holds the President's position, they will receive only one vote in regard to how the chapter they represent has voted. The National Board will have direct oversight on all chapter activities but will refrain from interfering with individual chapter decisions unless it is a violation of the by-laws or if it has affected the club as a whole. The members of the National Board will have no more voting power than their respective chapter. In cases where the need arises to amend the by-laws, the motion for change can come from an individual chapter as a whole or a Co-founder. Should this occur each president will return to their respective chapter and conduct a vote. The President will then return to the National Board with their chapter's decision. Each Co-founder will make their vote at this time.
